

City of Covina Municipal Code sections 8.20.010 through 8.20.170 detail requirements for any person who wishes to utilize an alarm system in the city, and also defines guidelines for the alarm companies that monitor them. The sections include in part, no alarm operator or alarm agent shall install, maintain, sell, lease, rent, monitor, service, or repair any alarm system within the City of Covina unless the alarm company operator or agent has, prior to performing such work, obtained a business license and registered their name and filed a copy of their state issued identification card with the Chief of Police. Additionally, no person shall use an alarm system within the city unless a valid permit has first been issued by the Chief of Police for the operation of the alarm system at that location.

Anyone who wishes to utilize an alarm system should review these Covina Municipal Code sections in their entirety. The Municipal Code can be accessed by clicking the link to the City of Covina Home Page on the left margin, then clicking Municipal Code on the left margin of the city home page.

If you wish to contact the Alarm Coordinator, you may call (626) 384-5627 MON-THUR between 8am and 11am, or leave a message at (626) 384-5595 ext. 5151
